Monica Perales
Senior Community Relations Consultant
City and County of Denver
Department of Housing and Neighborhood Development Services
216 16th Street, Suite 1400
Denver, Colorado 80202-5124

Dear Ms. Perales,

Per your request (and since the email didn't work), enclosed please find the transcript from our public meeting held in the Cole neighborhood on June 29, 2002. The meeting was one forum to collect public comments regarding the cleanup of residential soils within the VB/I-70 Superfund Site. I hope it is informative.

We closed our extended, 60-day public comment period on July 19. Now we are in the process of considering all of the comments we received from residents, the general public, and other local, state, and federal organizations and agencies. We expect to make our final cleanup decision in the next few months. We will be publicizing our final decision, and I will be happy to put your name on our mailing list so that you receive any public information materials about the site that we distribute. Please feel free to call me with any questions or concerns you may have regarding our work in these North Denver neighborhoods.

Sincerely,

Jennifer Chergo
Public Affairs and Community Relations
U.S. Environmental Protection Agency, Region VIII
